General Provision regarding data-sharing on applications for admission

In order to facilitate the potential sharing of data on applications for admission with the Department, it would be prudent for schools to should identify this potential use of personal data to applicants. Some sample text for inclusion in schools' Data Privacy Statement on their Admissions Application Form is provided below:

- *Section 66(6) of the Education (Admission to Schools) Act 2018 allows for a list of students who have made applications for admission to be shared with a patron or another Board of Management, in order to facilitate the efficient admission of students. The data which may be provided for this purpose may include all or any of the following:*
 - a) *the date on which an application for admission was received by the school;*
 - b) *the date on which an offer of admission was made by the school;*
 - c) *the date on which an offer of admission was accepted by an applicant;*
 - d) *a student's personal details including his or her name, address, date of birth and personal public service number (within the meaning of Section 262 of the Social Welfare Consolidation Act 2005).*
- *This data may be further shared with the Department of Education for further processing to facilitate the efficient admission of students. This is in accordance with the Minister for Education's statutory function to ensure that there is made available to each person resident in the State a level and quality of education appropriate to meeting the needs and abilities of that person and to plan and co-ordinate the provision of education in recognised schools, having regard to the resources available.*

Provision regarding sharing of data with the NCSE on applications for admissions to special schools and special classes

With respect to special schools and special classes, the NCSE considers that it would be extremely beneficial to be able to access information on students on waiting lists for special classes in order to better plan for the provision of new special classes in certain locations. At present, the NCSE and schools must undertake a lengthy process for the NCSE to access information on waiting lists.

To improve the current process, and to reduce the administrative burden on schools of having to contact individual parents, the Department and the NCSE consider that the addition of following question on applications forms for special class and special school admission could facilitate this. The proposed text that should be added should read:

Should my child be placed on a waiting list for a place, I/We consent to the school sharing the details of my child with the National Council for Special Education for the purposes of planning for the provision of special education placements.

All schools are asked to include this question and text on admission application forms for special class or special school places for the 2026/2027 school year.
